Evergreen, August 27. As time passes, the heat and sun, and yet more evidence of damage to crops by the recent August rains. I think it would be difficult to estimate the damage to the tobacco crop at this time. Almost every field of tobacco has some drowned patches, worthless, and much of the late planted tobacco is beginning to rot. But, there are some fields of splendid tobacco, ripe, ready to cut this week. I doubt if pastures were ever better than they are this summer.

Girls Are Advised To Build-Up For Relief

Look of knowledge shows many a weak, undernourished girl a lot of suffering!

Many others, however, know how the headaches, nervousness, cramps, the pain of functional dysmenorrhea due to indigestion, are helped by the proper use of CARDUI.

Some take it a few days before bed during "the time," to help ease periodic distress. But CARDUI's principal use is to help increase appetite; stimulate the flow of gastric juice; so aid digestion, assist in building up physical resistance and thus help reduce periodic distress. Women have used CARDUI for over 50 years.
